## WAR NOT VERY LIKELY TO OCCUR

Turkey's Policy of Restraint  
May Avert Conflict.

### CALLS UPON THE POWERS

Ottoman Government Demands That  
They Preserve to Turkey What They  
Guaranteed Her Under the Treaty  
of Berlin—International Conference  
Probably Will Be Held With the Ob-  
ject of Settling the Trouble.

London, Oct. 7.—The second and  
eliminating step in the Austro-Bulgar-  
ian programme for the aggrandizement  
of themselves at the expense of  
the status established by the treaty  
of Berlin was consummated when Em-  
peror Francis Joseph formally pro-  
claimed the practical annexation of  
Bosnia and Herzegovina to the dual  
monarchy.

The present situation is as follows:  
Turkey calls upon the powers to  
preserve to her what they guaranteed  
by that treaty.

Austria and Bulgaria strongly de-  
clare their determination to keep what  
they have taken.

Serbia is protesting belligerently  
against being hemmed in more strong-  
ly between the two unpopular neigh-  
bors and against having the Servians  
in Bosnia absorbed into the Austro-  
Hungarian nationality.

The other powers concerned in the  
Berlin treaty are discussing the hold-  
ing of an international conference to  
consider this most delicate of prob-  
lems.

Turkey's unexpected policy of re-  
straint minimizes the possibilities of  
war, which now is considered out of  
the question.

The English papers unite in prais-  
ing Turkey's moderation and in de-  
nouncing Austria. The Standard in a  
typical utterance says:  
"We are sorry for the aged emperor.  
We regret that so late in his long and  
honorable career he has chosen to  
sully his name with a deed which will  
go down in history alongside of the  
partition of Holland."

Several of the London newspapers  
question whether or not Emperor  
Francis Joseph is acting against his  
will.

A conference of the powers is ex-  
pected to be held within two or three  
months if it can be arranged, but no  
one imagines that it will undo this  
week's work. Austria declines even  
to discuss annexation and the most  
that is expected is some arrangement  
that will save Turkey's pride.

Before the powers agree to enter  
upon a conference they probably will  
be obliged to define its scope, which  
will be a hard task. British states-  
men suggest that compensation be  
made to Turkey and that guarantees  
be given against further disturbance  
of the status quo.

### ANNEXING PROVINCES.

Austrian Emperor Soon Will Issue a  
Proclamation.

Vienna, Oct. 7.—The proclamation  
of Emperor Francis Joseph soon will  
be issued, declaring that the Austro-  
Hungarian rights of sovereignty and  
succession have been extended over  
Bosnia and Herzegovina. The new im-  
perial provinces will be informed in  
the proclamation that they will be  
given a constitution and a special diet.

The proclamation says: "When a  
generation ago our troops crossed the  
boundaries of your countries you were  
assured that they came not as ene-  
mies, but as friends, with a firm re-  
solution to put a stop to the ills from  
which your fatherland for so many  
years so severely suffered. This  
promise was given in a solemn mo-  
ment and was righteously kept. It  
was the steadfast endeavor of our  
government in peaceful observance of  
the law and by vigorous efforts to lead  
the land to a happier future.

"To our great pleasure we can say  
that the seed which was then scatter-  
ed in the furrow of plowed soil has  
come up richly. You yourselves must  
feel the benefits of a situation where-  
by order and security have taken the  
place of force and oppression. Trade  
and communications are steadily  
spreading; the civilizing influence of  
a wider education has made itself felt  
and every man may enjoy the fruits  
of his labors under the protection of a  
well ordered government.

"We consider it our most solemn  
duty to move forward along this path  
with that goal before our eyes we  
are of the opinion that the time has  
come to give the inhabitants of both  
countries fresh proof of our trust in  
their political maturity."

The emperor declared his decision  
to grant the provinces a constitution  
and after stating the rights he pro-

posed to confer, concluded as follows:  
"Freedom for the individual, well-  
being of the whole; that will be the  
guiding star of our government. Prove  
yourselves worthy both by loyalty and  
fidelity to our house."

### BULGARIAN SITUATION.

International Conference Will Be  
Called to Consider It.

Paris, Oct. 7.—An international con-  
ference to consider the Bulgarian sit-  
uation is now assured, according to  
the statement made here. It will be  
proposed by Great Britain, France and  
Russia, acting together, instead of by  
one power. These three powers are  
in complete accord on the principle  
of an immediate conference; Italy is  
in favor of it and even Germany is  
expected to adhere to the proposal.

News that the proclamation of the  
annexation of Bosnia and Herzegovina  
by Austria-Hungary soon would be is-  
sued is much commented upon here.  
This is regarded as showing Austria's  
anxiety to have it an accomplished  
fact before she receives the invitation  
to attend the international confer-  
ence, into which she means to go with  
the provinces in her pocket.

In official circles, the statements  
that Germany is any way concerned in  
the double move of Austria and Bul-  
garia are altogether discredited.

## DETROIT WINS THE DECIDING CONTEST

Captures the Pennant in the  
American League.

Chicago, Oct. 7.—What is said to  
have been the closest pennant contest  
ever waged by American league base-  
ball clubs came to an end in this city  
when Detroit, champions of 1907, cap-  
tured the emblem for another year by  
defeating Chicago 7 to 0. Detroit,  
Cleveland and Chicago struggled all  
season for first place, never being far  
from each other in the percentage  
table. St. Louis put Cleveland out of  
the running Monday, leaving the field  
to Detroit and Chicago. Chicago's  
fight has been an uphill one, but  
Manager and Captain Jones never  
despaired until the last Chicago play-  
er had been retired in the ninth in-  
ning. Had Chicago triumphed the  
pennant would have come to this city,  
but the defeat of the local team in the  
final test left no subject of debate for  
the "If Club."

Detroit's victory was clean and de-  
cisive. Jones used three pitchers,  
White, Walsh and Smith, but could  
not subdue the Detroit. Donovan  
pitched the kind of ball that will win  
almost any game. His team mates  
coming first to bat, lent him confi-  
dence in the initial inning by knock-  
ing White out of the box and putting  
four runs over the plate. Donovan's  
manner was confident as he faced the  
Chicago batsmen, and inning after in-  
ning, with a calmness approaching  
nonchalance, he proceeded to make  
first base a very North Pole of unat-  
tainability for his opponents. Two  
hits in different innings were all that  
Chicago could garner, and a local run  
perched on second base just once.  
Detroit's assist column showed a to-  
tal of only two, for when Donovan did  
not strike out the batsman he pitched  
the brand of ball which resulted in  
flies. All told he struck out ten men  
behind him errorless ball was played  
and thirteen hits were made when  
hits were needed. Chicago made five  
errors.

The clubs finished as follows:  
Detroit, .588; Cleveland, .584; Chi-  
cago, .578; St. Louis, .546; Boston  
.486; Philadelphia, .443; Washington  
.429; New York, .337.

At Boston, 11; New York, 3.  
At Washington, 3; Philadelphia, 2.  
At St. Louis, 1; Cleveland, 5.

At New York, 4; Boston, 1.  
At Philadelphia, 9; Brooklyn, 4.

### EXPLOSION OF DYNAMITE.

Kills Wisconsin Boy and Injures His  
Father.

Bruce, Wis., Oct. 7.—In an accident  
here one man was killed and his father  
was seriously injured. Sam Coey  
and his son, John West, were digging  
a well and while in the act of insert-  
ing a lighted charge of dynamite into  
a two-inch pipe the charge exploded  
before it got below the ground and not  
giving the men time to get away. The  
boy's head was partly blown off and  
one leg broken. He died three hours  
later.

The father had his feet and hands  
badly torn and may have internal in-  
juries. A house nearby was badly  
wrecked.

## CLIMAX TO THE TOUR OF TAFT

Furnished by People of St.  
Louis and Vicinity.

### PLANS FOR RECEPTION UPSET

Crowd at the Planters' Hotel Sweeps  
Aside the Guards at the Door and  
Swarms Into the Lobby—Republi-  
can Candidate Declares He Has  
Done More for Union Labor Than  
Has Mr. Gompers.

St. Louis, Oct. 7.—With a twelve-  
hour demonstration of cordiality, po-  
litical enthusiasm and interest, this  
city furnished an appropriate climax  
to the Western campaign trip of Wil-  
lam H. Taft, which ended here.

The candidate spoke to an immense  
audience in the nearly finished Coli-  
seum, from which as many were  
turned away as got in. He followed  
this with an open-air address at Clay-  
ton, a suburb and county seat of St.  
Louis county, and then rushed to East  
St. Louis, where he addressed a large  
gathering of employees of the stock  
yards.

Vast crowds greeted Judge Taft  
here. The line of march from the sta-  
tion to the Planters' hotel was  
through two crowds of people who  
blocked either side of the sidewalk  
and street.

The plans for an orderly reception  
to the public at the Planters' hotel  
were upset by the crush of men and  
women who swept aside the guards at  
the door and pushed their way into  
the lobby and up the big staircase. It  
was seen at once that nothing could  
be done with the crowd and a pass-  
ageway was cleared for the candidate  
to get away. On reaching the first  
landing he turned and said with a  
smile: "As I remember mythology,  
there was a gentleman named  
Briareus who had a hundred hands  
I wish I had them all for my friends  
the people of St. Louis."

### Candidate Allowed to Rest.

Once in his room Mr. Taft was  
furnished with two pitchers of milk  
and allowed to rest.

He was next escorted to the Coli-  
seum by a committee in a long line of  
carriages, of which his was the last.

The speech he delivered to this  
audience was comprehensive, but the  
position of the candidate on the ques-  
tion of trust regulation was made the  
important feature.

"How about labor unions?" he was  
asked.

"I have done more for union labor  
than Mr. Gompers," was the quick re-  
ply, and then Mr. Taft explained that  
the decisions he had rendered as a  
judge on the bench, and which were  
now being misrepresented as placing  
him against unionism, were really be-  
ing used at present in the courts by  
union labor as the basis of their  
rights.

Another interruption was a query  
about campaign contributions. The  
reply was that so far as he knew, no  
contributions had yet been made that  
would have the slightest tendency to  
embarrass anyone.

After the three speeches had been  
made Mr. Taft was escorted to the ho-  
tel from where he reviewed the gro-  
tesque parade of the Velled Prophet.  
Mr. Taft visited the ball for a few  
minutes but did not participate in the  
festivities.

Before reaching St. Louis Mr. Taft  
had a strenuous day in a number of  
Missouri towns. Good times had re-  
sulted from protection and bad times  
from a Democratic tariff, was the bur-  
den of the Taft speech at Moberly  
and throughout the day.

Mr. Taft left St. Louis for Chicago,  
where he will address the deep water-  
ways convention, go to Galesburg to  
attend the celebration of the Lincoln-  
Douglas debate, and then return to  
Chicago in time for a banquet, at  
which Mr. Bryan is also to be a guest.

### RIOT IN NEW YORK.

Strike Sympathizers Clash With the  
Police.

New York, Oct. 7.—There was a  
riot in front of the garage of the New  
York Taxicab company, whose chauff-  
eurs have been on strike since Sat-  
urday last, when 500 strike sympa-  
thizers attempted to rescue a striking  
chauffeur from the police. A squad  
of police reserves arrived and drove  
the crowd away.

Fights between the strike-breakers  
and strikers and their sympathizers  
occurred intermittently all day.  
Thronged of sympathizers gathered in  
front of all the leading hotels and  
every time a taxicab would leave the  
crowd would pursue it and throw  
stones. Many taxicabs were damaged.  
The police made a score of arrests  
during the day.

## "Yankee Printzess" Is the Coat for 1908 You will like the model

The "Yankee Printzess" coat is of the  
Empire family but is so very different  
from all other Empire coats that it is  
in a class all by itself. The ones we  
are showing are perfection in fit. Other  
manufacturers are showing similar  
coats but we have yet to find one that  
makes his garments the perfection in  
fit that the manufacturer of our coats  
has put into his. This means every-  
thing in a coat. The coat may be good  
style and of superb quality but if it be  
not of perfect fit, the garment will not  
long be a beautiful one. You'll like  
the coat, we're sure, and we trust that  
we may soon have the pleasure of  
showing it to you.

### MACK COLLAPSES.

Democratic National Committeeman a  
Victim of Overwork.

Chicago, Oct. 7.—Norman E. Mack,  
chairman of the Democratic national  
committee, collapsed as a result of fa-  
tigue and a severe cold and is under  
the care of a physician and trained  
nurse. The illness of Mr. Mack came  
suddenly and alarmed fellow members  
of the Democratic committee. Dr.

NORMAN E. MACK.

Hammond of the Auditorium hotel was  
summoned and said Mr. Mack was  
suffering from overwork and nervous  
exhaustion. He did not believe the  
illness a serious one and intimated  
that the patient would be able to re-  
sume his duties in a few days.

### TAFT WILL BE ELECTED.

Roosevelt Confident That Ohioan Will  
Succeed Him.

Washington, Oct. 7.—President  
Roosevelt is entirely confident that  
William H. Taft will be elected to suc-  
ceed him, according to George R.  
Sheldon, treasurer of the Republican  
national committee, who was the presi-  
dent's guest at luncheon. Mr. Shel-  
don came from New York at Mr.  
Roosevelt's request to discuss with  
him the general political situation.  
After the conference Mr. Sheldon gave  
out a statement in which, with the au-  
thority of the president, he denied re-  
ports that Mr. Roosevelt does not ap-  
prove the manner in which Chairman  
Frank Hitchcock is running the cam-  
paign. Mr. Sheldon said the Presi-  
dent heartily approved Mr. Hitch-  
cock's management of the campaign  
and Mr. Hitchcock has the president's  
entire confidence. The report that  
Mr. Sheldon would resign as treasurer  
of the committee was positively de-  
nied, as was a rumor that some differ-  
ences exist between the president,  
Secretary Root and Mr. Sheldon.

### Killed His Little Girl.

Wausau, Wis., Oct. 7.—Death came  
to eleven-year-old Ottilie Will, daugh-  
ter of Mr. and Mrs. Gottlieb Will, who  
live near Wausau, as a result of a gun-  
shot wound received accidentally at  
the hands of her father.

### Robbers Kill Twelve Persons.

Tiraspol, Russia, Oct. 7.—Robbers  
have committed a revolting crime in  
the neighboring village of Slobodze.  
They entered the house of a Jewish  
family named Cohen and killed twelve  
persons in their efforts to get away  
with a small amount of loot. The  
murderers were arrested.

### KILLED DURING A FAMILY QUARREL

Prominent Pennsylvanian Shot  
by His Sister-in-Law.

Philadelphia, Oct. 7.—I. Clayton  
Erb, captain and regimental quar-  
termaster of the Third regiment, Nation-  
al guard of Pennsylvania, was shot  
and killed at his summer home near  
Village Green, Delaware county. His  
sister-in-law, Mrs. Catherine Beisel, is  
under arrest in the Media jail, charged  
with the murder. The woman admits  
that she did the shooting during a fam-  
ily quarrel.

Captain Erb, who was private sec-  
retary to Israel W. Durham, political  
leader of this city, was one of the best  
known men in political circles in  
Philadelphia.  
About two years ago he was mar-  
ried and moved to Delaware county.  
For a time everything went along  
smoothly, but recently there were  
family quarrels. On Aug. 24, Mrs. Erb,  
who was Mrs. W. G. Rothermel, a di-  
vorced woman, caused the arrest of  
Eugene Poulson, Mr. Erb's colored  
coachman, on a charge of threatening  
her life. At the hearing in the case  
she said that she had been informed  
that Poulson was acting as a spy for  
Captain Erb, who stood by the coach-  
man at the hearing, as against his  
wife.

He subsequently explained that he  
did so because he expected to insti-  
tute proceedings against Mrs. Erb and  
expected Poulson to be an important  
witness in the case in which Mrs.  
Catherine Beisel, Mrs. Erb's sister,  
was to be involved.

Captain Erb declared at the hearing  
that he had been duped when he mar-  
ried Mrs. Rothermel and that her con-  
duct during his absence at Pine  
Plains last summer had been improper.  
Several weeks later Mrs. Erb caused  
the arrest of her husband on a charge  
of assault and battery and he was  
held for trial.

Despite all efforts to keep it in the  
background, Bryanism is really the  
rampant issue of the election.

### POLITICAL SITUATION.

Carefully Gone Over at a Conference  
at the White House.

Washington, Oct. 7.—The political  
situation at large and particularly the  
prospects for the state and national  
ticket in New York was carefully gone  
over at a prolonged conference at the  
White House. Those who talked with  
the president were William L. Ward,  
the New York member of the Republi-  
can national committee; Secretary  
Root, Secretary Cortelyou, Postmas-  
ter General Meyer, Secretary Loeb  
and Assistant Secretary of State Ba-  
con. The conference lasted two hours.  
Secretary Loeb later told the news-  
paper men there would be no state-  
ment given out relative to the con-  
ference. One of those who took part  
said, however, that a review of condi-  
tions showed that the general situa-  
tion was very encouraging to the Re-  
publicans and that especially good re-  
ports were coming in as to the chances  
of the New York state ticket to win.  
The campaign for Judge Taft had  
thrown off the last vestige of lethargy,  
he said, and was being pushed with  
all the swing and vigor of previous  
national contests. Incidentally the  
question of campaign finances came  
up as a result of the visit of Treasurer  
Sheldon to the White House during  
the afternoon.

### SCORE OF PERSONS HURT

Section of Gallery in Coliseum at  
Jackson, Miss., Collapses.

Jackson, Miss., Oct. 7.—A score of  
persons were more or less seriously  
injured just as Booker T. Washington  
closed his address at the Coliseum on  
the fair grounds. An audience of 4-  
000 of 5,000 persons had assembled to  
hear him, many white people from the  
city being present, and occupying re-  
served sections in the gallery. As  
the crowd arose to leave, one section  
of the gallery gave way with a crash  
and the occupants were precipitated  
to the floor beneath, several persons  
being more or less seriously hurt from  
the fall or by being trampled under  
foot by the panic stricken negroes,  
on whose heads the occupants of the  
gallery were spilled.

The application of the pure food law  
to the Democratic issues would re-  
quire the use of a tremendous quantity  
of disinfectants.

Ambrose Tighe came up from St. Paul last night and spent the forenoon in the city, returning this afternoon. In speaking to a DISPATCH reporter today concerning the future water supply he remarked that if the city wanted data as to the Spring Bay proposition he could have saved them some money as he had spent several hundred dollars testing the supply and the water and the city would have been welcome to all the information in his possession.

### CLUB FOR OPTIMISTS.

London Plans a Resort For Cheerful Men Only.

New ideas in club life are constantly becoming realities in London, the home of clubs. The latest is an optimists' club, which only those who acknowledge the duty of cheerfulness and make a point of looking on the bright side of everything can join.

The hall porter is to be selected for his smiling, ruddy countenance, and all the house servants will have to be "sleek headed men and such as sleep o' nights." None with "lean and hungry looks" need apply for positions.

The decorations of the clubhouse will be gay and bright, the furniture comfortable and attractive. The walls will be hung with mottoes such as "Why Worry—It Will Be All the Same in a Hundred Years?" and with portraits of the great optimists of fiction and history—Sir John Falstaff, Dr. Pangloss, Mark Tapley and others.

As for the members, any one who is convicted upon the evidence of two fellow members of being in the club for half an hour without smiling will be suitably fined. The penalty for expressing any doubt as to all being for the best in the best of possible worlds will be champagne all around.

From time to time lectures will be given on current topics to show that there is no reason for discomfort, let alone despair, and that the country is not going to the dogs, as is the general belief in all other clubs when the November fogs come.

The organizers of this scheme have already a great many names on their list, and they are looking for a clubhouse unassociated with sad recollections of previous clubs which have lived and died there and which is centrally and cheerfully situated. As all this is not easy to find, they will at first take temporary rooms in the region of Piccadilly and later on be cheerful on a larger scale.

Bryan is as shy about his abandoned issues as some stars in the theatrical firmament about the matrimonial alliances they have severed.

### STATUE OF FREE CUBA.

Handsome Monument Being Finished at Rome For Erection in Havana.

There will soon be cast at Rome the last remaining section of one of the handsomest monuments of modern Italian art for the new world.

It is the statue of "Free Cuba," which will stand in front of the monument to the Cuban patriot Jose Marti, executed by the Sicilian sculptor, Salvatore Bueini.

The whole monument will be twenty-four feet high. Marti stands holding a book in his right hand with the inscription "Cuba Libera." Below Marti is a statue representing the liberation of Cuba, a magnificent nude woman standing with arms outstretched after having broken the chains of servitude. Behind her rises the Cuban flag, and on both sides of the base of the monument there are high reliefs, one of which represents the hero when still a youth being made prisoner and taken to Spain and the other falling dead while he fights.

It is expected that the monument will be in Cuba at the end of the year and will be unveiled at Havana in January, 1909, on the anniversary of Jose Marti's birthday.

Senor Quesada, the Cuban minister at Washington, who visited in Rome with his wife and children partly to see the monument, cabled his approval to his government.

Scores of Brainerd Citizens Have Learned It

If you suffer from backache, There is only one way to cure it. The perfect way is to cure the kidneys.

A bad back means sick kidneys. Neglect it, urinary troubles follow. Doan's Kidney Pills are made for kidneys only.

Are endorsed by Brainerd people. David Northrup, of 918 Front St., Brainerd, Minn., says: "Backache and kidney trouble were of short duration in my case after using Doan's Kidney Pills, procured at H. P. Dunn's drug store. Previous to their use there was a dull steady aching in my back and an annoyance from the kidney secretions. From the results that I obtained I believe any sufferer from kidney complaint will find in Doan's Kidney Pills a true specific for kidney trouble."

## TAFT-JACOBSON CLUB ORGANIZED

Starting with a Membership of 200 Effort will be Made to Reach the 1,000 Mark

## CLUB COVERS CITY AND COUNTY

Organization Perfected by Election of Officers--Young Republicans in Charge

What promises to be an active republican club and which will be quite a fa to in the coming election was organized Tuesday evening at the Bane roller rink on Seventh street. The initiative move in the organization of this club was taken some ten days ago at which time a number of republicans interested in the success of the ticket from top to bottom talked the matter over and decided that a movement in the way of a Taft-Jacobson republican club would have a more beneficial effect in arousing the enthusiasm and getting out the full republican vote than any other manner of campaigning, and the books sent out by the state central committee were distributed for signers and a mass meeting called for Tuesday night for the purpose of the election of officers and the perfection of the organization. The meeting last evening showed that the efforts had not been in vain as fully 100 republicans willing to take their coats off and work for the party success were present.

The meeting was called to order at 8 o'clock and after the object had been stated and a few remarks along party lines and republican success were made by Judge Fleming the election of officers was taken up resulting as follows:

President—W. W. Bane.  
Secretary—C. A. Allbright.  
Treasurer—Fritz Hagberg.

The election of vice presidents was left to the gentlemen from each of the wards present, and the names of those selected as well as an executive committee of two from each ward were presented, and the selection was ratified as follows:

First Ward—Fred Allison. Executive committee—C. A. Lagerquist, Dr. K. H. Hoorn.

Second Ward—R. J. Hartley. Executive committee—W. P. Robertson, C. H. Paine.

Third Ward—Kenneth McDonald. Executive committee—Chas. Mudge, W. P. Pirie.

Fourth Ward—John A. Erickson. Executive committee—T. E. Smith, John Bakkali.

Fifth Ward—A. M. Opsahl. Executive committee—F. H. Gruenhagen, Dan Doran.

The name of the club was adopted as the Taft-Jacobson Club of Crow Wing County, and the by-laws were amended so as to include the precinct committees of the republican county committee outside the city as vice presidents and to request them to circulate the books already sent them for signers to the club as members in their respective precincts.

The vice presidents and the executive committee in each ward and precinct will circulate the membership roll and report at a meeting to be held on Monday evening at the Bane Roller Rink on Seventh street the success being met with. It was decided to hold weekly meetings during the coming month, or until election, and at these meetings there will be something interesting doing.

Thursday, (tomorrow) evening, the republican candidate for governor, Hon. J. F. Jacobson will deliver an address at the opera house and the club members will meet at the Ransford hotel and go in a body to the opera house at 7:30.

## NEXT GOVERNOR TO SPEAK

Hon. J. F. Jacobson, Republican Nominee for Governor, at the Opera House Thursday Evening

Tomorrow, Thursday evening, Hon. J. F. Jacobson will deliver an address at the opera house at 8 o'clock and as the interest in the campaign now being waged between the two parties for supremacy in state affairs is getting to that point where the public in general desire to hear what each side has to present, it is expected that the opera house will be filled, inasmuch as this is the first political meeting of the campaign in which state issues will be discussed. Mr. Jacobson has a fund of information and his talk will be of interest from start to finish. It had been expected that Mr. Jacobson would be here during the entire afternoon on Thursday and that ample opportunity would be afforded for him to meet the people of this city and get personally acquainted but the state central committee has arranged for an afternoon meeting at Little Falls and he will go directly through to that city from the north and will return to Brainerd on a special train arriving here about 6 o'clock.

## A DEMOCRATIC MEETING

W. E. McEwen, in Address at Gardner Hall Advised Supporting Democratic Ticket

W. E. McEwen, secretary of the State Federation of Labor and Gov. John A. Johnson's state oil inspector, addressed a meeting at Gardner's hall last evening on the advertised subject of "The Trades Union Movement." Mr. McEwen as the climax of an address on the history and growth of the trades union movement took occasion to criticize the decisions of Judge Taft in certain injunction cases and to laud Bryan. According to the estimate of one of the gentlemen in charge there were in the neighborhood of 125 men at the meeting. Mr. McEwen is described as a very pleasant speaker and his remarks were very heartily applauded by the adherents of the ideas he advocated.

### When Trifles become Troubles

If anyone suspects that their kidneys are deranged they should take Foley's Kidney remedy at once and not risk Bright's disease or diabetes. Delay gives the disease a firmer foothold and you should not delay taking Foley's Kidney Remedy. H. P. Dunn. mwf

## Miss Mysen Plays

The St. Cloud Journal-Press has the following in its report of Tuesday's session of the State Federation of Women's clubs:

"Miss Jennie Mysen of Brainerd was next on the program and delighted the audience with a piano solo. Her first number was:

(a) Tarantella: op. 39, No. 5. Theodore Leschetzki  
(b) Trilby (Lanterne Magique) op. No. 4. Benjamin Godard  
"Miss Mysen is an accomplished musician and was warmly applauded."

## Swartout-McCabe

Mr. Robert M. Swartout and Miss Ethel McCabe were united in marriage at the Baptist church at 11 o'clock today, the pastor Rev. J. E. Abrams officiating. The couple were attended by Mr. and Mrs. M. M. Duff of this city, the bride being a niece of Mr. Duff. The contracting parties are both of Brainerd and will make this city their future home. Mr. Swartout is in the employ of the Brainerd Lumber & Mercantile Co.

**Passed Examination Successfully**  
James Donahue, New Britain, Conn., writes: "I tried several kidney remedies and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney remedy cures backache and all forms of kidney and bladder troubles. H. P. Dunn mwf

The Republican party is willing to assume the responsibility for the expense of rural mail delivery and of digging the Panama canal. These are among what the Democratic platform calls extra expenses.

**Quick Relief for Asthma Sufferers**  
Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. H. P. Dunn. mwf

Foley's Orino Laxative is a new remedy, an improvement on the laxatives of former years, as it does not gripe or nauseate and is pleasant to take. It is guaranteed. H. P. Dunn.

## COUNTY COMMISSIONERS

Meeting called to order at 10 o'clock a. m.

Present: Commissioners Erickson, Crust and Andrews.

Omaha, Oct. 7.—That he has stirred up the Republican ranks in the states of the Middle West to an unprecedented activity was the assurance given Governor Charles E. Hughes of New York on his arrival to speak here. Governor Crawford of South Dakota accompanied the Hughes party through that state and assured the New York governor that the visits of himself, Mr. Taft and Senator Beveridge to the Northwest had thoroughly aroused the voters of that section to the issues of the campaign. A genuine Western aspect was given to the tour by the presence of United States Marshal Seth Bullock of Deadwood, S. D., a former companion on hunting trips of President Roosevelt and a guide recently of the president's son Kermit on an Indian reservation, who joined the Hughes train at Waukegan.

Omahans evinced their interest in the New York governor by filling the hall where he spoke to overflowing.

The prosperous farmers of this country must be sadly puzzled as to what Bryan is talking about when he says they have been "neglected."

**Baseball Scores on Railroad Trains.**  
Arrangements have been made to place the scores of the teams of both the American and National leagues on the Pennsylvania special at North Philadelphia and Harrisburg, the St. Louis limited at Harrisburg and the Pennsylvania limited at Altoona. These scores will be bulletined on the trains by the stenographers for the information of passengers. The arrangement will be continued until the end of the baseball season.

He Was Called a Demagogue Twelve Years Ago.

**SAYS OPPONENTS BURIED HIM**  
Chanted Their Songs Over His Grave and Now They Have to Explain Why It Happened That He Was Not Dead.

Nebraskan Bitterly Denounces Taft for Refusing to Agree to Publication of Campaign Contributions Before Election.

Cedar Rapids, Ia., Oct. 7.—"I present myself as an example of one who has outlived the venomous attacks of his opponents. You heard me called a demagogue twelve years ago. You saw them bury me and you heard them chant their songs over my grave, and now they have to explain why it happened that I was not dead."

With all the fervor that he could muster up, William J. Bryan, facing a vast assemblage in the Chautauqua Auditorium between Tama and Toledo, in this state, delivered himself of this utterance. At no time during the present campaign has he spoken so earnestly or with such vigor. His remark followed a bitter denunciation of Mr. Taft for refusing to agree to a publication of campaign contributions before elections.

At Woodward he heaped ridicule on the Republicans by charging them with taking credit for the growth of crops, the shining of the sun and the bringing of rain. In fact, he said, "they seize upon anything that they think gives a plausible excuse for voting the Republican ticket."

At Maxwell he compared the granting of special privileges.

Drawing large, cheering crowds all day in the course of his travels through the state, the Democratic candidate, never in better form, hurled defiance at his opponents and challenged them to meet his arguments. Fifteen speeches and handshaking with thousands constituted his day's work, the concluding speech being made here in the Auditorium, which was filled to overflowing long before he was scheduled to arrive. The keynote of his principal remarks here was that Republican policies meant disaster, while Democratic policies meant prosperity.

**EVIDENCE CONTRADICTED.**  
Standard Oil Official Refutes That of Government Witness.

Chicago, Oct. 7.—Evidence presented by the government touching the freight rates from Toledo, O., to Bellows Falls, Vt., was contradicted by Henry E. Felton, general traffic manager of the Standard Oil company, in testimony before Judge Franklin Ferriss on the railroad phase of the government suit to dissolve the Standard Oil company.

Interstate commerce commission tariff sheets were introduced by Attorney Rosenthal for the oil company showing that the rate for oil between the two points by way of the Boston and Maine railroad was 27 cents while the government witness, T. C. Schindler, had testified that the rate was 44 cents from Toledo to Bellows Falls by way of Rutland, and had not mentioned the lower rate.

Mr. Felton declared that the tariff sheets which the government witness purported to use showed plainly that there was a rate of 44 cents on oil from Toledo to Bellows Falls by way of Rutland, but that the same sheets showed the rate on two other lines to be 27 cents between the same points and that agents were cautioned in the rate sheet to advise shippers of the different routes and varying rate.

**PAIN**

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—takes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend.

**A School For Dogs.**  
According to an English paper, the latest wrinkle in education is to be found in Paris. It is a school for dogs. "The object," says the article, "is to teach them politeness. The animals are trained to welcome visitors by jumping up, wagging their tails and giving a low bark. When the visitor leaves, the dog accompanies him to the door, constantly wagging his tail, and bows his farewell by bending his head to the floor. He is trained, likewise, to pick up a handkerchief, glove or fan that has been dropped and return it to the owner."

**GIVES HIS REASONS.**  
Mack Tells Why New York Will Go Democratic.

Chicago, Oct. 7.—Norman E. Mack, chairman of the Democratic national committee, made known the reasons upon which he bases his prediction that New York state may safely be regarded as Democratic this year. Mr. Mack's statement regarding the situation in the Empire state is as follows:

"The Democratic party in New York was never more united, not even in 1892, than it is this year. The state is never doubtful when the Democrats stand together. With a united party, we find our opponents all 'shot to pieces,' some Republicans opposing Roosevelt, others are against Hughes, while another faction is set against Taft. As an instance of the union of the Democratic forces, the national Democratic club of New York city, composed of 1,400 members, made up of bankers, merchants and professional men, opposed Bryan almost to a man in 1896 and in 1900. I am told that 95 per cent of the club membership is ready to support Bryan this year and that the club recently passed resolutions endorsing him and have contributed \$2,500 with a promise to contribute a like amount later. With this situation I feel that New York is not only safe for Bryan, but there will be a Democratic landslide."

**SECOND ANDREW JACKSON**

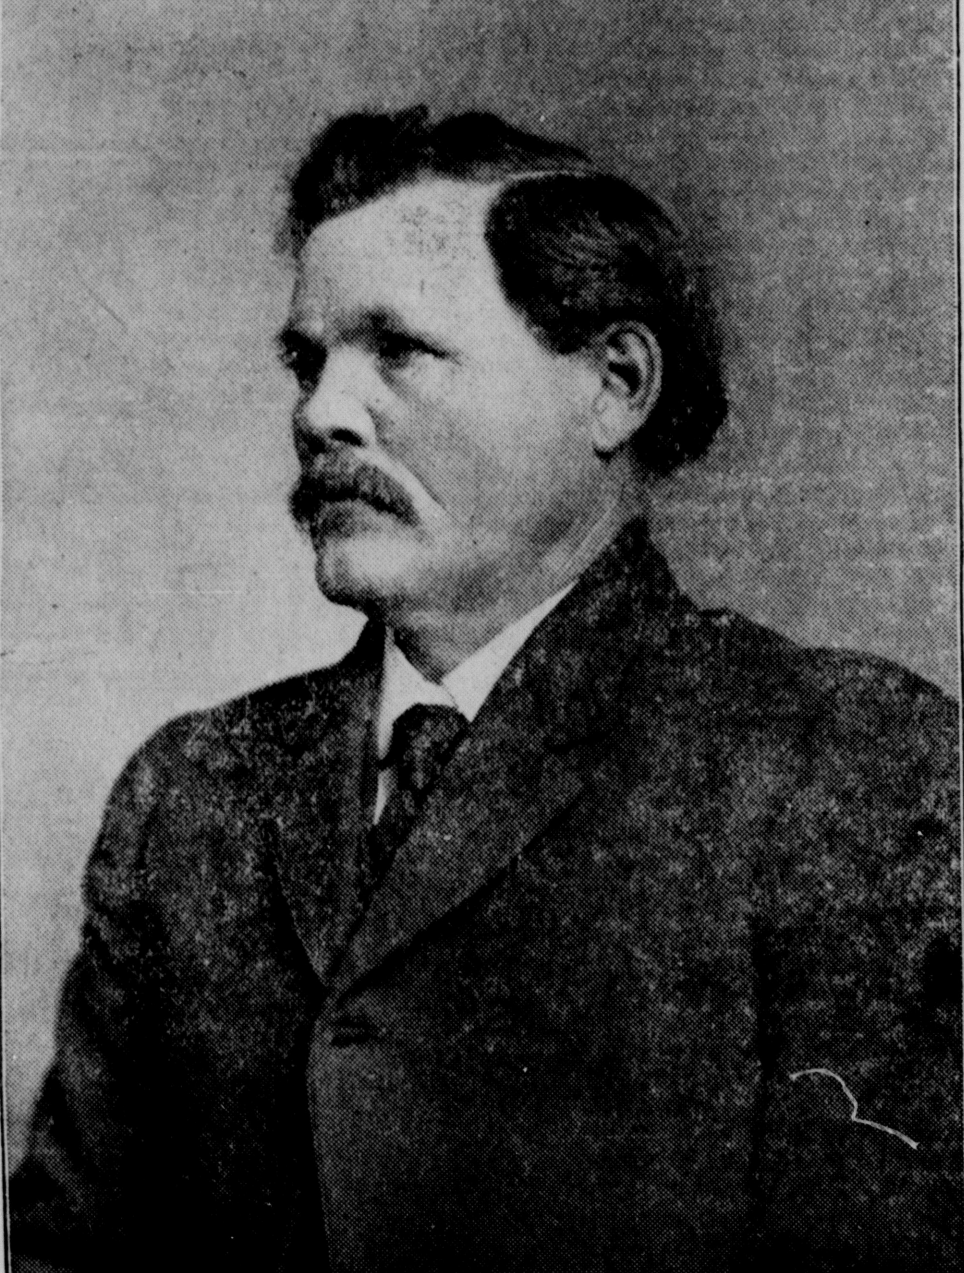

John W. Kern's Opinion of His Running Mate.

Greensboro, N. C., Oct. 7.—John W. Kern, Democratic candidate for the vice presidency, in a speech here declared William Jennings Bryan to be a second Andrew Jackson to rebuke the modern Nicholas Biddle. "In Jackson's time," he said, "there was a condition in the financial affairs of the country in a measure like that existing today. A banker, Nicholas Biddle, a power in the country, attempted to dictate the policy to be pursued by President Jackson, and threatened financial disaster to the country. 'You tell me that you have power to bring disaster upon this people? Then you have more power than any man should have and we will take it away from you,' was Jackson's answer," said Mr. Kern.

"You have a second Jackson in William Jennings Bryan to rebuke the Rockefeller and the Harrimans and the Coreys."

## WAR NOT VERY LIKELY TO OCCUR

Turkey's Policy of Restraint  
May Avert Conflict.

### CALLS UPON THE POWERS

Ottoman Government Demands That They Preserve to Turkey What They Guaranteed Her Under the Treaty of Berlin—International Conference Probably Will Be Held With the Object of Settling the Trouble.

London, Oct. 7.—The second and culminating step in the Austro-Bulgarian programme for the aggrandizement of themselves at the expense of the status established by the treaty of Berlin was consummated when Emperor Francis Joseph formally proclaimed the practical annexation of Bosnia and Herzegovina to the dual monarchy.

The present situation is as follows: Turkey calls upon the powers to preserve to her what they guaranteed by that treaty.

Austria and Bulgaria strongly declare their determination to keep what they have taken.

Serbia is protesting belligerently against being hemmed in more strongly between the two unpopular neighbors and against having the Servians in Bosnia absorbed into the Austro-Hungarian nationality.

The other powers concerned in the Berlin treaty are discussing the holding of an international conference to consider this most delicate of problems.

Turkey's unexpected policy of restraint minimizes the possibilities of war, which now is considered out of the question.

The English papers unite in praising Turkey's moderation and in denouncing Austria. The Standard in a typical utterance says:

"We are sorry for the aged emperor. We regret that so late in his long and honorable career he has chosen to sully his name with a deed which will go down in history alongside of the partition of Holland."

Several of the London newspapers question whether or not Emperor Francis Joseph is acting against his will.

A conference of the powers is expected to be held within two or three months if it can be arranged, but no one imagines that it will undo this week's work. Austria declines even to discuss annexation and the most that is expected is some arrangement that will save Turkey's pride.

Before the powers agree to enter upon a conference they probably will be obliged to define its scope, which will be a hard task. British statesmen suggest that compensation be made to Turkey and that guarantees be given against further disturbance of the status quo.

### ANNEXING PROVINCES.

Austrian Emperor Soon Will Issue a Proclamation.

Vienna, Oct. 7.—The proclamation of Emperor Francis Joseph soon will be issued, declaring that the Austro-Hungarian rights of sovereignty and succession have been extended over Bosnia and Herzegovina. The new imperial provinces will be informed in the proclamation that they will be given a constitution and a special diet.

The proclamation says: "When a generation ago our troops crossed the boundaries of your countries you were assured that they came not as enemies, but as friends, with a firm resolution to put a stop to the ills from which your fatherland for so many years so severely suffered. This promise was given in a solemn moment and was righteously kept. It was the steadfast endeavor of our government in peaceful observance of the law and by vigorous efforts to lead the land to a happier future."

"To our great pleasure we can say that the seed which was then scattered in the furrow of plowed soil has come up richly. You yourselves must feel the benefits of a situation whereby order and security have taken the place of force and oppression. Trade and communications are steadily spreading; the civilizing influence of a wider education has made itself felt and every man may enjoy the fruits of his labors under the protection of a well ordered government."

"We consider it our most solemn duty to move forward along this path with that goal before our eyes we are of the opinion that the time has come to give the inhabitants of both countries fresh proof of our trust in their political maturity."

The emperor declared his decision to grant the provinces a constitution and after stating the rights he pro-

posed to confer, concluded as follows: "Freedom for the individual, well-being of the whole; that will be the guiding star of our government. Prove yourselves worthy both by loyalty and fidelity to our house."

### BULGARIAN SITUATION.

International Conference Will Be Called to Consider It.

Paris, Oct. 7.—An international conference to consider the Bulgarian situation is now assured, according to the statement made here. It will be proposed by Great Britain, France and Russia, acting together, instead of by one power. These three powers are in complete accord on the principle of an immediate conference; Italy is in favor of it and even Germany is expected to adhere to the proposal.

News that the proclamation of the annexation of Bosnia and Herzegovina by Austria-Hungary soon would be issued is much commented upon here. This is regarded as showing Austria's anxiety to have it an accomplished fact before she receives the invitation to attend the international conference, into which she means to go with the provinces in her pocket.

In official circles, the statements that Germany is any way concerned in the double move of Austria and Bulgaria are altogether discredited.

## DETROIT WINS THE DECIDING CONTEST

Captures the Pennant in the  
American League.

Chicago, Oct. 7.—What is said to have been the closest pennant contest ever waged by American league baseball clubs came to an end in this city when Detroit, champions of 1907, captured the emblem for another year by defeating Chicago 7 to 0. Detroit, Cleveland and Chicago struggled all season for first place, never being far from each other in the percentage table. St. Louis put Cleveland out of the running Monday, leaving the field to Detroit and Chicago. Chicago's fight has been an uphill one, but Manager and Captain Jones never despaired until the last Chicago player had been retired in the ninth inning. Had Chicago triumphed the pennant would have come to this city, but the defeat of the local team in the final test left no subject of debate for the "If Club."

Detroit's victory was clean and decisive. Jones used three pitchers, White, Walsh and Smith, but could not subdue the Detroiters. Donovan pitched the kind of ball that will win almost any game. His team mates coming first to bat, lent him confidence in the initial inning by knocking White out of the box and putting four runs over the plate. Donovan's manner was confident as he faced the Chicago batsmen, and inning after inning, with a calmness approaching nonchalance, he proceeded to make first base a very North Pole of unattainability for his opponents. Two hits in different innings were all that Chicago could garner, and a local runner perched on second base just once.

Detroit's assist column showed a total of only two, for when Donovan did not strike out the batsman he pitched the brand of ball which resulted in flies. All told he struck out ten men. Behind him errorless ball was played and thirteen hits were made when hits were needed. Chicago made five errors.

The clubs finished as follows: Detroit, .588; Cleveland, .584; Chicago, .578; St. Louis, .546; Boston, .486; Philadelphia, .443; Washington, .429; New York, .337.

At Boston, 11; New York, 3. At Washington, 3; Philadelphia, 2. At St. Louis, 1; Cleveland, 5.

At New York, 4; Boston, 1. At Philadelphia, 9; Brooklyn, 4.

### EXPLOSION OF DYNAMITE.

Kills Wisconsin Boy and Injures His Father.

Bruce, Wis., Oct. 7.—In an accident here one man was killed and his father was seriously injured. Sam Coey and his son, John West, were digging a well and while in the act of inserting a lighted charge of dynamite into a two-inch pipe the charge exploded before it got below the ground and not giving the men time to get away. The boy's head was partly blown off and one leg broken. He died three hours later.

The father had his feet and hands badly torn and may have internal injuries. A house nearby was badly wrecked.

## CLIMAX TO THE TOUR OF TAFT

Furnished by People of St.  
Louis and Vicinity.

### PLANS FOR RECEPTION UPSET

Crowd at the Planters' Hotel Sweeps Aside the Guards at the Door and Swarms Into the Lobby—Republican Candidate Declares He Has Done More for Union Labor Than Has Mr. Gompers.

St. Louis, Oct. 7.—With a twelve-hour demonstration of cordiality, political enthusiasm and interest, this city furnished an appropriate climax to the Western campaign trip of William H. Taft, which ended here.

The candidate spoke to an immense audience in the nearly finished Coliseum, from which as many were turned away as got in. He followed this with an open-air address at Clayton, a suburb and county seat of St. Louis county, and then rushed to East St. Louis, where he addressed a large gathering of employees of the stock yards.

Vast crowds greeted Judge Taft here. The line of march from the station to the Planters' hotel was through two crowds of people who blocked either side of the sidewalk and street.

The plans for an orderly reception to the public at the Planters' hotel were upset by the crush of men and women who swept aside the guards at the door and pushed their way into the lobby and up the big staircase. It was seen at once that nothing could be done with the crowd and a passageway was cleared for the candidate to get away. On reaching the first landing he turned and said with a smile: "As I remember mythology, there was a gentleman named Briareus who had a hundred hands. I wish I had them all for my friends, the people of St. Louis."

Candidate Allowed to Rest. Once in his room, Mr. Taft was furnished with two pitchers of milk and allowed to rest.

He was next escorted to the Coliseum by a committee in a long line of carriages, of which his was the last. The speech he delivered to this audience was comprehensive, but the position of the candidate on the question of trust regulation was made the important feature.

"How about labor unions?" he was asked.

"I have done more for union labor than Mr. Gompers," was the quick retort, and then Mr. Taft explained that the decisions he had rendered as a judge on the bench, and which were now being misrepresented as placing him against unionism, were really being used at present in the courts by union labor as the basis of their rights.

Another interruption was a query about campaign contributions. The reply was that so far as he knew, no contributions had yet been made that would have the slightest tendency to embarrass anyone.

After the three speeches had been made Mr. Taft was escorted to the hotel from where he reviewed the grotesque parade of the Velled Prophet. Mr. Taft visited the ball for a few minutes but did not participate in the festivities.

Before reaching St. Louis Mr. Taft had a strenuous day in a number of Missouri towns. Good times had resulted from protection and bad times from a Democratic tariff, was the burden of the Taft speech at Moberly and throughout the day.

Mr. Taft left St. Louis for Chicago, where he will address the deep waterways convention, go to Galesburg to attend the celebration of the Lincoln-Douglas debate, and then return to Chicago in time for a banquet, at which Mr. Bryan is also to be a guest.

### RIOT IN NEW YORK.

Strike Sympathizers Clash With the Police.

New York, Oct. 7.—There was a riot in front of the garage of the New York Taxicab company, whose chauffeurs have been on strike since Saturday last, when 500 strike sympathizers attempted to rescue a striking chauffeur from the police. A squad of police reserves arrived and drove the crowd away.

Fights between the strike-breakers and strikers and their sympathizers occurred intermittently all day. Throngs of sympathizers gathered in front of all the leading hotels and every time a taxicab would leave the crowd would pursue it and throw stones. Many taxicabs were damaged. The police made a score of arrests during the day.

## "Yankee Printzess"

The "Yankee Printzess" coat is of the Empire family but is so very different from all other Empire coats that it is in a class all by itself. The ones we are showing are perfection in fit. Other manufacturers are showing similar coats but we have yet to find one that makes his garments the perfection in fit that the manufacturer of our coats has put into his. This means everything in a coat. The coat may be good style and of superb quality but if it be not of perfect fit, the garment will not long be a beautiful one. You'll like the coat, we're sure, and we trust that we may soon have the pleasure of showing it to you.

Democratic National Committeeman a Victim of Overwork.

Chicago, Oct. 7.—Norman E. Mack, chairman of the Democratic national committee, collapsed as a result of fatigue and a severe cold and is under the care of a physician and trained nurse. The illness of Mr. Mack came suddenly and alarmed fellow members of the Democratic committee. Dr.

NORMAN E. MACK.

Hammond of the Auditorium hotel was summoned and said Mr. Mack was suffering from overwork and nervous exhaustion. He did not believe the illness a serious one and intimated that the patient would be able to resume his duties in a few days.

### TAFT WILL BE ELECTED.

Roosevelt Confident That Ohioan Will Succeed Him.

Washington, Oct. 7.—President Roosevelt is entirely confident that William H. Taft will be elected to succeed him, according to George R. Sheldon, treasurer of the Republican national committee, who was the president's guest at luncheon. Mr. Sheldon came from New York at Mr. Roosevelt's request to discuss with him the general political situation. After the conference Mr. Sheldon gave out a statement in which, with the authority of the president, he denied reports that Mr. Roosevelt does not approve the manner in which Chairman Frank Hitchcock is running the campaign. Mr. Sheldon said the president heartily approved Mr. Hitchcock's management of the campaign and Mr. Hitchcock has the president's entire confidence. The report that Mr. Sheldon would resign as treasurer of the committee was positively denied, as was a rumor that some differences exist between the president, Secretary Root and Mr. Sheldon.

Killed His Little Girl. Wausau, Wis., Oct. 7.—Death came to eleven-year-old Ottilie Will, daughter of Mr. and Mrs. Gottlieb Will, who live near Wausau, as a result of a gunshot wound received accidentally at the hands of her father.

Robbers Kill Twelve Persons. Tiraspol, Russia, Oct. 7.—Robbers have committed a revolting crime in the neighboring village of Slobodze. They entered the house of a Jewish family named Cohen and killed twelve persons in their efforts to get away with a small amount of loot. The murderers were arrested.

## KILLED DURING A FAMILY QUARREL

Prominent Pennsylvanian Shot  
by His Sister-in-Law.

Philadelphia, Oct. 7.—J. Clayton Erb, captain and regimental quartermaster of the Third regiment, National guard of Pennsylvania, was shot and killed at his summer home near Village Green, Delaware county. His sister-in-law, Mrs. Catherine Beisel, is under arrest in the Media jail, charged with the murder. The woman admits that she did the shooting during a family quarrel.

Captain Erb, who was private secretary to Israel W. Durham, political leader of this city, was one of the best known men in political circles in Philadelphia.

About two years ago he was married and moved to Delaware county. For a time everything went along smoothly, but recently there were family quarrels. On Aug. 24, Mrs. Erb, who was Mrs. W. G. Rothermel, a divorced woman, caused the arrest of Eugene Poulson, Mr. Erb's colored coachman, on a charge of threatening her life. At the hearing in the case she said that she had been informed that Poulson was acting as a spy for Captain Erb, who stood by the coachman at the hearing, as against his wife.

He subsequently explained that he did so because he expected to institute proceedings against Mrs. Erb and expected Poulson to be an important witness in the case in which Mrs. Catherine Beisel, Mrs. Erb's sister, was to be involved.

Captain Erb declared at the hearing that he had been duped when he married Mrs. Rothermel and that her conduct during his absence at Pine Plains last summer had been improper. Several weeks later Mrs. Erb caused the arrest of her husband on a charge of assault and battery and he was held for trial.

Despite all efforts to keep it in the background, Bryanism is really the rampant issue of the campaign.

### POLITICAL SITUATION.

Carefully Gone Over at a Conference at the White House.

Washington, Oct. 7.—The political situation at large and particularly the prospects for the state and national ticket in New York was carefully gone over at a prolonged conference at the White House. Those who talked with the president were William L. Ward, the New York member of the Republican national committee; Secretary Root, Secretary Cortelyou, Postmaster General Meyer, Secretary Loeb and Assistant Secretary of State Bacon. The conference lasted two hours. Secretary Loeb later told the newspaper men there would be no statement given out relative to the conference. One of those who took part said, however, that a review of conditions showed that the general situation was very encouraging to the Republicans and that especially good reports were coming in as to the chances of the New York state ticket to win. The campaign for Judge Taft had thrown off the last vestige of lethargy, he said, and was being pushed with all the swing and vigor of previous national contests. Incidentally the question of campaign finances came up as a result of the visit of Treasurer Sheldon to the White House during the afternoon.

### SCORE OF PERSONS HURT

Section of Gallery in Coliseum at Jackson, Miss., Collapses.

Jackson, Miss., Oct. 7.—A score of persons were more or less seriously injured just as Booker T. Washington closed his address at the Coliseum on the fair grounds. An audience of 4,000 of 5,000 persons had assembled to hear him, many white people from the city being present, and occupying reserved sections in the gallery. As the crowd arose to leave, one section of the gallery gave way with a crash and the occupants were precipitated to the floor beneath, several persons being more or less seriously hurt from the fall or by being trampled under foot by the panic stricken negroes, on whose heads the occupants of the gallery were spilled.

The application of the pure food law to the Democratic issues would require the use of a tremendous quantity of disinfectants.

### CLUB FOR OPTIMISTS.

London Plans a Resort For Cheerful Men Only.

New ideas in club life are constantly becoming realities in London, the home of clubs. The latest is an optimists' club, which only those who acknowledge the duty of cheerfulness and make a point of looking on the bright side of everything can join.

The hall porter is to be selected for his smiling, ruddy countenance, and all the house servants will have to be "sleek headed men and such as sleep o' nights." None with "lean and hungry looks" need apply for positions.

The decorations of the clubhouse will be gay and bright, the furniture comfortable and attractive. The walls will be hung with mottoes such as "Why Worry—It Will Be All the Same in a Hundred Years" and with portraits of the great optimists of fiction and history—Sir John Falstaff, Dr. Pangloss, Mark Tapley and others.

As for the members, any one who is convicted upon the evidence of two fellow members of being in the club for half an hour without smiling will be suitably fined. The penalty for expressing any doubt as to all being for the best in the best of possible worlds will be champagne all around.

From time to time lectures will be given on current topics to show that there is no reason for discomfort, let alone despair, and that the country is not going to the dogs, as is the general belief in all other clubs when the November fogs come.

The organizers of this scheme have already a great many names on their list, and they are looking for a clubhouse unassociated with sad recollections of previous clubs which have lived and died there and which is centrally and cheerfully situated. As all this is not easy to find, they will at first take temporary rooms in the region of Piccadilly and later on be cheerful on a larger scale.

Bryan is as shy about his abandoned issues as are some stars in the theatrical firmament about the matrimonial alliances they have severed.

### STATUE OF FREE CUBA.

Handsome Monument Being Finished at Rome For Erection in Havana.

There will soon be cast at Rome the last remaining section of one of the handsomest monuments of modern Italian art for the new world.

It is the statue of "Free Cuba," which will stand in front of the monument to the Cuban patriot Jose Marti, executed by the Sicilian sculptor, Salvatore Biumi.

The whole monument will be twenty-four feet high. Marti stands holding a book in his right hand with the inscription "Cuba Libre." Below Marti is a statue representing the liberation of Cuba, a magnificent nude woman standing with arms outstretched after having broken the chains of servitude. Behind her rises the Cuban flag, and on both sides of the base of the monument there are high reliefs, one of which represents the hero when still a youth being made prisoner and taken to Spain and the other falling dead while he fights.

It is expected that the monument will be in Cuba at the end of the year and will be unveiled at Havana in January, 1909, on the anniversary of Jose Marti's birthday.

Senor Quesada, the Cuban minister at Washington, who visited in Rome with his wife and children partly to see the monument, cabled his approval to his government.

## TAFT-JACOBSON CLUB ORGANIZED

Starting with a Membership of 200 Effort will be Made to Reach the 1,000 Mark

### CLUB COVERS CITY AND COUNTY

Organization Perfected by Election of Officers--Young Republicans in Charge

What promises to be an active republican club and which will be quite a factor in the coming election was organized Tuesday evening at the Bane roller rink on Seventh street. The initiative move in the organization of this club was taken some ten days ago at which time a number of republicans interested in the success of the ticket from top to bottom talked the matter over and decided that a movement in the way of a Taft-Jacobson republican club would have a more beneficial effect in arousing the enthusiasm and getting out the full republican vote than any other manner of campaigning, and the books sent out by the state central committee were distributed for signers and a mass meeting called for Tuesday night for the purpose of the election of officers and the perfection of the organization. The meeting last evening showed that the efforts had not been in vain as fully 100 republicans willing to take their coats off and work for the party success were present.

The meeting was called to order at 8 o'clock and after the object had been stated and a few remarks along party lines and republican success were made by Judge Fleming the election of officers was taken up resulting as follows:

President—W. W. Bane.  
Secretary—C. A. Allbright.  
Treasurer—Fritz Hagberg.  
The election of vice presidents was left to the gentlemen from each of the wards present, and the names of those selected as well as an executive committee of two from each ward were presented, and the selection was ratified as follows:

First Ward—Fred Allison. Executive committee—C. A. Lagerquist, Dr. K. H. Hoorn.

Second Ward—R. J. Hartley. Executive committee—W. P. Robertson, C. H. Paine.

Third Ward—Kenneth McDonald. Executive committee—Chas. Mudge, W. P. Pirie.

Fourth Ward—John A. Erickson. Executive committee—T. E. Smith, John Bakkali.

Fifth Ward—A. M. Opsahl. Executive committee—F. H. Gruenhagen, Dan Doran.

The name of the club was adopted as the Taft-Jacobson Club of Crow Wing County, and the by-laws were amended so as to include the precinct committees of the republican county committee outside the city as vice presidents and to request them to circulate the books already sent them for signers to the club as members in their respective precincts.

The vice presidents and the executive committee in each ward and precinct will circulate the membership roll and report at a meeting to be held on Monday evening at the Bane Roller Rink on Seventh street the success being met with. It was decided to hold weekly meetings during the coming month, or until election, and at these meetings there will be something interesting doing.

Thursday, (tomorrow) evening, the republican candidate for governor, Hon. J. F. Jacobson will deliver an address at the opera house and the club members will meet at the Ransford hotel and go in a body to the opera house at 7:30.

## NEXT GOVERNOR TO SPEAK

Hon. J. F. Jacobson, Republican Nominee for Governor, at the Opera House Thursday Evening

Tomorrow, Thursday evening, Hon. J. F. Jacobson will deliver an address at the opera house at 8 o'clock and as the interest in the campaign now being waged between the two parties for supremacy in state affairs is getting to that point where the public in general desire to hear what each side has to present, it is expected that the opera house will be filled, inasmuch as this is the first political meeting of the campaign in which state issues will be discussed. Mr. Jacobson has a fund of information and his talk will be of interest from start to finish. It had been expected that Mr. Jacobson would be here during the entire afternoon on Thursday and that ample opportunity would be afforded for him to meet the people of this city and get personally acquainted but the state central committee has arranged for an afternoon meeting at Little Falls and he will go directly through to that city from the north and will return to Brainerd on a special train arriving here about 6 o'clock.

Johnson's state oil inspector, addressed a meeting at Gardner's hall last evening on the advertised subject of "The Trades Union Movement." Mr. McEwen as the climax of an address on the history and growth of the trades union movement took occasion to criticize the decisions of Judge Taft in certain injunction cases and to laud Bryan. According to the estimate of one of the gentlemen in charge there were in the neighborhood of 125 men at the meeting. Mr. McEwen is described as a very pleasant speaker and his remarks were very heartily applauded by the adherents of the ideas he advocated.

Mr. Swartout is in the employ of the Brainerd Lumber & Mercantile Co.

Passed Examination Successfully James Donahue, New Britain, Conn., writes: "I tried several kidney remedies and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney remedy cures backache and all forms of kidney and bladder troubles. H. P. Dunn. mwf

The Republican party is willing to assume the responsibility for the expense of rural mail delivery and of digging the Panama canal. These are among what the Democratic platform calls extravaganzas.

### STIRS UP REPUBLICANS.

**Governor Hughes Arouses Voters in the Northwest.**

Omaha, Oct. 7.—That he has stirred up the Republican ranks in the states of the Middle West to an unprecedented activity was the assurance given Governor Charles E. Hughes of New York on his arrival to speak here. Governor Crawford of South Dakota accompanied the Hughes party through that state and assured the New York governor that the visits of himself, Mr. Taft and Senator Beveridge to the Northwest had thoroughly aroused the voters of that section to the issues of the campaign. A genuine Western aspect was given to the tour by the presence of United States Marshal Seth Bullock of Deadwood, S. D., a former companion on hunting trips of President Roosevelt and a guide recently of the president's son Kermit on an Indian reservation, who joined the Hughes train at Watertown.

Omahans evinced their interest in the New York governor by filling the hall where he spoke to overflowing.

The prosperous farmers of this country must be sadly puzzled as to what Bryan is talking about when he says they have been "neglected."

**Baseball Scores on Railroad Trains.**

Arrangements have been made to place the scores of the teams of both the American and National leagues on the Pennsylvania special at North Philadelphia and Harrisburg, the St. Louis limited at Harrisburg and the Pennsylvania limited at Altoona. These scores will be bulletined on the trains by the stenographers for the information of passengers. The arrangement will be continued until the end of the baseball season.

### BRYAN OUTLIVED ATTACKS ON HIM

**He Was Called a Demagogue Twelve Years Ago.**

**SAYS OPPONENTS BURIED HIM**

**Chanted Their Songs Over His Grave and Now They Have to Explain Why It Happened That He Was Not Dead.**

Nebraskan Bitterly Denounces Taft for Refusing to Agree to Publication of Campaign Contributions Before Election.

Cedar Rapids, Ia., Oct. 7.—"I present myself as an example of one who has outlived the venomous attacks of his opponents. You heard me called a demagogue twelve years ago. You saw them bury me and you heard them chant their songs over my grave, and now they have to explain why it happened that I was not dead."

With all the fervor that he could muster up, William J. Bryan, facing a vast assemblage in the Chautauqua Auditorium between Tama and Toledo, in this state, delivered himself of this utterance. At no time during the present campaign has he spoken so earnestly or with such vigor. His remark followed a bitter denunciation of Mr. Taft for refusing to agree to a publication of campaign contributions before elections.

At Woodward he heaped ridicule on the Republicans by charging them with taking credit for the growth of crops, the shining of the sun and the bringing of rain. In fact, he said, "they seize upon anything that they think gives a plausible excuse for voting the Republican ticket."

At Maxwell he compared the granting of special privileges.

Drawing large, cheering crowds all day in the course of his travels through the state, the Democratic candidate, never in better form, hurled defiance at his opponents and challenged them to meet his arguments. Fifteen speeches and handshaking with thousands constituted his day's work, the concluding speech being made here in the Auditorium, which was filled to overflowing long before he was scheduled to arrive. The keynote of his principal remarks here was that Republican policies meant disaster, while Democratic policies meant prosperity.

**Mrs. Richard Yates Dead.**

Jacksonville, Ill., Oct. 7.—Mrs. Richard Yates, mother of former Governor Yates and widow of the Illinois war governor, died here, aged eighty-six years.

The American electorate is not divided into groups to be handed over to candidates bodily by masters. That is true of the labor vote, the capitalist vote, the Jewish vote, the Christian vote, the negro vote, the white vote. There is no Pretorian guard on the quarter deck of our ship of state.

### EVIDENCE CONTRADICTED.

**Standard Oil Official Refutes That of Government Witness.**

Chicago, Oct. 7.—Evidence presented by the government touching the freight rates from Toledo, O., to Bellows Falls, Vt., was contradicted by Henry E. Felton, general traffic manager of the Standard Oil company, in testimony before Judge Franklin Ferriss on the railroad phase of the government suit to dissolve the Standard Oil company.

Interstate commerce commission tariff sheets were introduced by Attorney Rosenthal for the oil company showing that the rate for oil between the two points by way of the Boston and Maine railroad was 27 cents while the government witness, T. C. Schindler, had testified that the rate was 44 cents from Toledo to Bellows Falls by way of Rutland, and had not mentioned the lower rate.

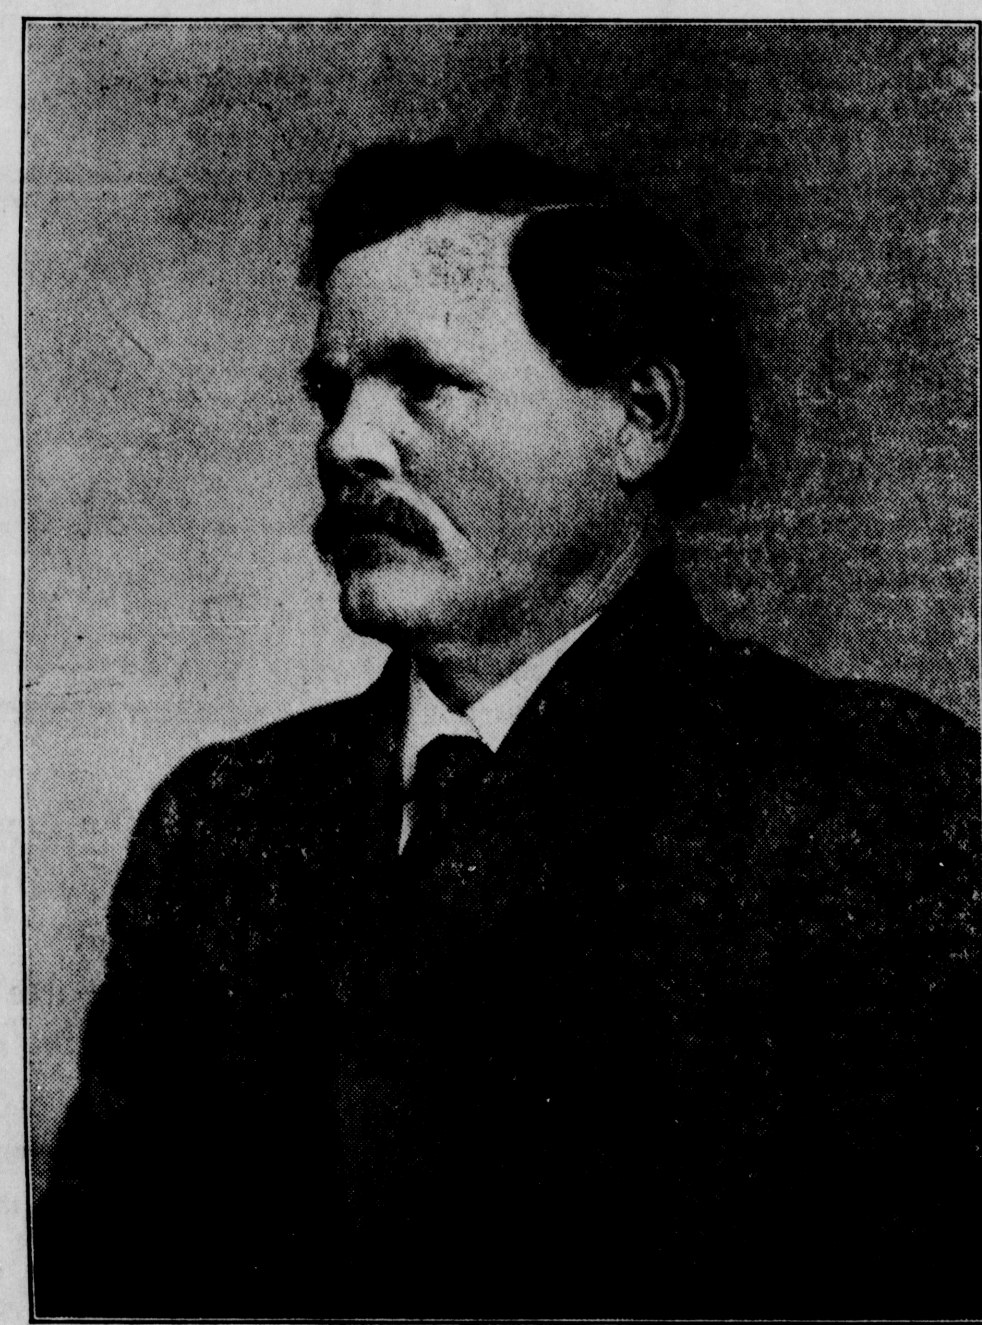

Mr. Felton declared that the tariff sheets which the government witness purported to use showed plainly that there was a rate of 44 cents on oil from Toledo to Bellows Falls by way of Rutland, but that the same sheets showed the rate on two other lines to be 27 cents between the same points and that agents were cautioned in the rate sheet to advise shippers of the different routes and varying rate.

To be consistent Mr. Bryan, who is pleading for independence for the Philippines, should immediately grant the plea of the Democratic party for release from the tyranny of Bryan

### GIVES HIS REASONS.

**Mack Tells Why New York Will Go Democratic.**

Chicago, Oct. 7.—Norman E. Mack, chairman of the Democratic national committee, made known the reasons upon which he bases his prediction that New York state may safely be regarded as Democratic this year. Mr. Mack's statement regarding the situation in the Empire state is as follows:

"The Democratic party in New York was never more united, not even in 1892, than it is this year. The state is never doubtful when the Democrats stand together. With a united party, we find our opponents all 'shot to pieces,' some Republicans opposing Roosevelt, others are against Hughes, while another faction is set against Taft. As an instance of the union of the Democratic forces, the national Democratic club of New York city, composed of 1,400 members, made up of bankers, merchants and professional men, opposed Bryan almost to a man in 1896 and in 1900. I am told that 95 per cent of the club membership is ready to support Bryan this year and that the club recently passed resolutions endorsing him and have contributed \$2,500 with a promise to contribute a like amount later. With this situation I feel that New York is not only safe for Bryan, but there will be a Democratic landslide."

### THE CONDUCTOR'S 6088.

A Pullman conductor had rheumatic pains for years, but he hasn't them now, so that is another story except to remark that 6088 took it away. What 6088? Was it a car? Read what the conductor has written:

"Having suffered with rheumatism for years and after trying all kinds of remedies with little or no satisfaction through the kindness of a friend I tried one bottle of 6088 and have had no rheumatism since. This medicine is a jewel."

### To Settle Championship.

Cincinnati, Oct. 7.—For the first time in the history of the National League of Baseball clubs, a post-season game for the settlement of the championship is announced for Thursday of this week, the tangible that arose over the last series in New York between the New York and Chicago clubs having brought a decision from the National league directors to that effect.

### PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. This tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood congestion—blood pressure. That surely is a certainty for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

### A School For Dogs.

According to an English paper, the latest wrinkle in education is to be found in Paris. It is a school for dogs. "The object," says the article, "is to teach them politeness. The animals are trained to welcome visitors by jumping up, wagging their tails and giving a low bark. When the visitor leaves, the dog accompanies him to the door, constantly wagging his tail, and bows his farewell by bending his head to the floor. He is trained, likewise, to pick up a handkerchief, glove or fan that has been dropped and return it to the owner."

### SECOND ANDREW JACKSON

**John W. Kern's Opinion of His Running Mate.**

Greensboro, N. C., Oct. 7.—John W. Kern, Democratic candidate for the vice presidency, in a speech here declared William Jennings Bryan to be a second Andrew Jackson to rebuke the modern Nicholas Biddle. "In Jackson's time," he said, "there was a condition in the financial affairs of the country in a measure like that existing today. A banker, Nicholas Biddle, a power in the country, attempted to dictate the policy to be pursued by President Jackson, and threatened financial disaster to the country. 'You tell me that you have power to bring disaster upon this people? Then you have more power than any man should have and we will take it away from you,' was Jackson's answer," said Mr. Kern.

"You have a second Jackson in William Jennings Bryan to rebuke the Rockefellerers and the Harrimans and the Coreys."

**Homestead Registrations.**

Dallas, S. D., Oct. 7.—Registrations at this place for Tripp county homesteads numbered 7,177. There were 621 registrations at Gregory. An Indian war dance entertained the "tenderfeet" from the East. Typical Western frontier life is in evidence with everything "wide open," but order is maintained.
